ACTIVITY OBJECTIVES

At the conclusion of this activity, participants will be able to....

- ✓ Describe how kidney donations are different from other organ donations.
- ✓ Evaluate ethical arguments FOR and AGAINST the sale of human organs.
- ✓ Assess what could happen if the sale of organs were permitted and how it might function in the USA.

TARGET AUDIENCE

This activity has been designed for physicians in the areas of family practice, pediatrics, internal medicine & nephrology.

Nurse Practitioners and Physician Assistant are welcome to attend
